Main St # 242 Memphis TN 38103 Dear Judge Parker, I am writing to you as a concerned Tunussean regarding Senate Bill 5B003 outlawing drag queen shows for underge children in my State. This toil was written and designed to profect our Children who connet protect themselves due to their immaturity. Drag givens and their immoral shows invade the innocens of Children exposing them to sexual images and movements tha Leave lasting impressions not easily irradicated if it's even possil to erradicate them! I know because I was exposed to pour at age 9. I Still have visual numeries of the ungod by things I saw on those Ilms. I'm now 62 yrs. old. They Still havet me. Thus I advocate for sexual purity for today's choldwen. Adults have the liberty to go watch drag greens and their Shows. They have enough of an audience mags 18 aux over. Their 1st Amond ment rights are Not infringed upon! Please profect our children! Respectfully, 1 Diama Cantrell Whitehead
